STORY OF AMS

The Affordable Medicare Solutions team personalizes the best health & Medicare plan options for our clients and presents them in a friendly manner. Health plans can seem daunting, but we know it's not. We work with all major carriers, so don't worry- there are plenty of options here! Once you have selected your health or Medicare plan, we work year-round to make sure you are on track and have everything you need.

CEO STATEMENT

KEITH NABB

CEO & OWNER

Affordable Medicare Solutions' strong performance year after year is a testament to our diversified business and multiple engines of growth, disciplined strategy and excellent execution. Our results reinforce our entrepreneurial spirit, which inspires our team to innovate and continue exceeding the expectations of the medical insurance industry.

We continue to lead in agency sales by building on our devoted and loyal clients and developing high-quality, innovative product combinations and cultivating a culture of embracing change.

Our industry is dynamic, and we capitalize on shifting consumer preferences towards education-based ideals, and high customer service to fuel our growth. Staying ahead of the curve is our hallmark and our preparedness solidifies future success. We see long-term opportunities to reach

more consumers as more agencies are falling out of the market.

Our dedicated staff and numerous resources allow us to purchase, lease, or temporarily manage another agent's block of business. We help you grow the block, and make sure you transition out of the business correctly, and at the right price.

I am proud to watch the triumphs of our team members, who are integral to the company's prosperity.

VISION & MISSION

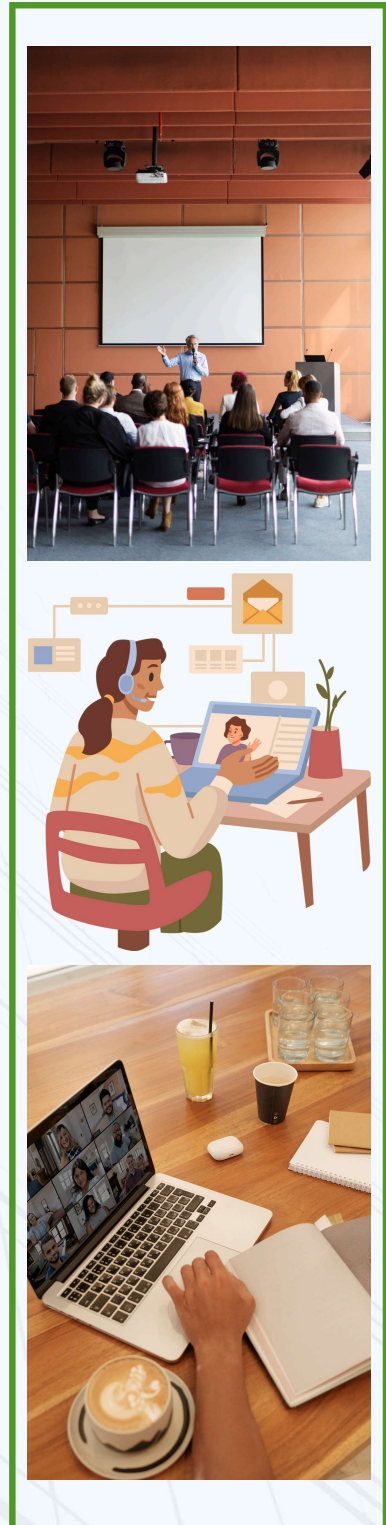

VISION

Turning 65 and starting Medicare can be stressful. AMS is here to help solve all of your Medicare problems. We offer 100+ free education seminars to group sizes ranging from 10 to 300 throughout the year. Our seminars are for Medicare aged seniors, family caregivers, nurses, and a variety of professionals, such as elder law attorneys, financial planners, and CPAs.

MISSION

Education is free at Affordable Medicare Solutions. We unlock valuable partnerships by presenting educational seminars to help expand our network, client reach, and resourcefulness. We fit the needs of everyone by customizing our seminars to cover Medicare topics for consumers to business tips for professionals. Whatever your questions on Medicare are just ask, and we'll make it happen!

OUR SERVICES

MEDICARE - We provide Medicare for people over age 65 and for disabled people under age 65, such as PPOs, Rx, and Medigap plans.

INDIVIDUAL HEALTH & SHORT TERM MEDICAL - We help take the stress out of choosing a health insurance plan in today's chaotic marketplace.

LIVING BENEFITS - Living Benefits are the new age of life insurance, where you don't have to die to use your benefits.

CLIENT TESTIMONIAL

Beatrice K.

These people are wonderful! They don't pressure you. They don't charge you anything, which is even better. They give you an option, and then they explain each company that they feel would be helpful to you... Had I known that this company existed before I moved to Georgia, believe me, they'd be the first people on my list to visit.
